MEMORANDUM FOR THE RECORD

SUBJECT: Federal Executive Institute Inquiry of CIA 1976-77 Shares
for 3-week and 7-week Executive Programs

25X1A

1) On 10 December, [REDACTED] Chief, Registration Group, TSS, spoke with Mr. Patrick Conklin, Associate Director, CSC's FEI, Charlottesville, Va., regarding his letter to Mr. Rodriguez, dated 24 November 1975, concerning information on CIA's future plans for FEI shares, charges, participation by number of students and type of program, feedback from past Agency students, and thoughts on course content in line with our requirements. Mr. Conklin said he planned to incorporate our views in his program review, which is due at the CSC by 15 December. A letter will be forwarded by D/FEI to each agency in January 1976, asking for formal commitments on share purchases for FY 1977.

2) Doris stated "re the 7-week program--4 shares now (1 ea of 4 sessions) most likely we will hold at 4. Our senior ^{PEOPLE} guys are so tied up with the Committee Hearings that it is difficult to break them loose and we are even now having withdrawal problems. The OD teams and MBO programs, we will ^{PROBABLY} not be participating in because we are giving our own programs on these ^{AREAS} topics, in-house. The OD team could be a possibility--a ^{PARTIAL} zone team effort on our part similar to the last NPIC program.

3) Doris indicated that the "Follow On Days" ^{FEED-BACK ON} [REDACTED] ^{25X1A} thinks are excellent. ^{MENTIONED PARTICULARLY} ^{DORIS' COMMENTS ON THESE} ^{is} ^{she}

4) We ^{REPAIR VOLUNTEER} may have a woman set up for the 1976-77 sessions. Also, the Domestic/Urban programs are excellent. The field trips for our students are bothersome, e.g., where to go, etc. Is it going to continue as part of the 7-week program? Yes.

Well, we do have the problem of our people going out of the country. You know our people must come to your programs openly. You recall, [REDACTED] ^{AL} Rodriguez, and [REDACTED] ^{FEI} visiting your place last year on this very thing--our people coming down as other than CIA. We have ruled this out mutually and we have ruled out the TDs out of the country for our people completely. We would rather they

stay within the country. *FBI plans to* (We will always run two domestic trips, Mr. Conklin said, not only because of your reason (your people *DIFFICULTY IN TRAVELLING* not able to go out of the country) but also because of exorbitant *TRAVEL* costs by going overseas.

5) Re the short program--you have changed it quite a bit. All our students have commented in their evaluations that there is *TOO* so much covered. I anticipate the Board getting back to you after their next meeting regarding their decision of how many shares to buy for the next Fiscal Year. — ?

Mr. Conklin asked for a follow-up ltr. on this conversation which Doris assured him would be forthcoming. He also said that FEI will have their meeting on 19 December 1975 after which a letter will be sent to CIA.
